The port of Rovinj is reportedly being surveyed in accordance with orders of the Yugoslav Government. Measurements are being taken of the wharves and piers; and soundings are being made near the various piers and in the Rovinj roadstead. Port installations and loading and unloading equipment are being inspected. The Captain of the port is taking a census of all the seamen in the area and checking their identification documents. Presumably the purpose of this survey is to prepare a monograph on the port of Rovinj.
